February 25, 2019

Dear Pool Owner,

It may not feel like it, but Spring is right around the corner! We are looking forward to another great season and lots of summer fun! Here's what you should know about opening your pool...

To schedule:

- Please call our office at (208) 743-0116
- Email us at office@bandbpools.net
- Stop in to our store at 1120 Bryden Ave. in Lewiston.

Pool Opening Guidelines and Reminders

- 1) **Please have all water pumped off of your pool cover.** Let us know if you would like us to clean or service your auto cover.
- 2) Make sure power is turned on to your pool equipment.
- 3) **You are responsible for filling your pool with water 3/4 of the way up the skimmer prior to opening.** This allows for proper circulation.
- 4) We will add shock and algaecide to your pool if needed.
- 5) **We do not balance chemicals or vacuum during our first visit. If you would like us to do either of these, please let us know at time of scheduling.**
- 6) Please make sure gates, garages, pool rooms, etc are unlocked (or that we have the codes/keys) for easy access of our technicians.

Continued on back

Helpful Hint: If you're not ready to open quite yet...

Until your pool is open, make sure you are testing your water's chlorine levels every week. You can add liquid chlorine to your pool even when it is winterized.

**Need help maintaining your pool or spa?
Ask us about our maintenance programs!**

We will:

- balance chemicals
- clean skimmer/pump baskets
- spot vacuum pool
- brush walls
- backwash
- and more!
